31 July 1961

MEMORANDUM FOR : Chief, Materiel Staff, DPD-DD/P

25X1A

SUBJECT : Procurement of Crystals for VHF/M
for [REDACTED] Use

25X1A

At the present time there are two 14 channel VHF receivers under procurement for use in [REDACTED] operations, one of which has been delivered to the field. A complete set of 14 crystals is being supplied for each receiver plus another set for spares. However, since assignment of the frequencies for the initial crystals, additional frequency coverage is dictated by System 3 intercepts. Accordingly it is requested that crystals be procured from Hallicrafters, Inc., in the quantity of three each for the frequencies listed below:
